

“Night of Champions”

**Wednesday Evening
May 30, 2018 at 6:00 pm**

Hilton Garden Inn
1100 South Avenue
Staten Island, New York

“Night of Champions”

With the official merging of the education corporations of Lavelle Prep and New Ventures, Integration Charter Schools (ICS) has now become a reality. While preserving the unique identity and mission of each school, the merger now allows us to streamline a variety of operations under one united educational corporation.

The Lavelle Prep Elementary School (serving grades 3 to 5) is now in our 2nd year, and is happy to be striving and doing well in the ICS organization. We are excited about moving to our new location in Corporate Commons 3 once the building is complete in September 2019. Lavelle Prep's Middle and High Schools have been able to continue their traditions of success. Our students consistently show academic growth throughout their career at Lavelle, with our High School achieving New York State Regents Exam pass rates that rank us as one of the best schools on Staten Island.

New Ventures is in its third year and the 'Puddin' Kids First' Culinary Arts program sponsored by the Vincent Gruppuso Foundation is going strong. Students are not only refining their culinary skills at the South Fin Grill kitchen each afternoon, but they are learning the required academics in the context of this innovative program such as the Global History of Food, Chemistry of Cooking, and Culinary Communication, where students are writing menus, recipes and food reviews.

The latest addition to ICS, the Lois & Richard Nicotra Early College Charter School, will be opening this summer. Students will be provided with the unique opportunity to graduate high school with 60 college credits from St. John's University. We are currently hiring staff, recruiting students, and making partnerships with the community to ensure we are ready to welcome students to high school, college, and beyond!

Finally, in March of 2018 a charter application for the Richmond Preparatory Charter School was submitted to the Board of Regents for review. Richmond Preparatory Charter School is designed to fully integrate students on the autism spectrum, as well as those living with other disabilities, in all classes and activities and will provide a rigorous college preparatory education that will equip and empower students for success.
