

Welcome, Lavelle Prep families & friends!

As we begin the new 2023-2024 school year, our teachers and administrative staff look forward to building on our foundation of academic excellence at Lavelle Preparatory Elementary Charter School. We believe that a school is only as great as its instructors, and that our faculty are deeply invested in continuing to provide a top-quality education experience for all students.

It is our pleasure to announce *Alessandra Feinstein* as the newly appointed *Assistant Principal of Lavelle Preparatory Elementary School*. Along with our staff and families, we will work hard to continue the legacy of success established at Lavelle Elementary School by building strong and supportive relationships with parents, students, staff, and community partners. Together we will focus on:

- the use of data to drive instruction,
- implementing *Responsive Classroom* to support our students' academic, social, and emotional growth,
- providing exciting and challenging enrichment opportunities for all students,
- ensuring the rigor of instruction in meeting the Common Core Learning Standards.

It is our pleasure to announce *Ego Onaga* as the newly appointed *Dean of Culture for Lavelle Preparatory Elementary School*. Together, we will be working alongside our staff, to maintain a positive, safe, and fun learning environment for your child to thrive in. To achieve this, our school will continue to offer a hands-on approach to instruction, creating a space where **individualized attention** is possible.

During the course of the year, it is our hope that we will work together to provide your child with the best opportunities to prepare for the world, ready to master any challenge placed in their path. As Principal, my door is always open and I welcome your input. Please feel free to stop in or call to make an appointment to discuss your concerns, suggestions, or ideas to help make this year the best it can be! Additionally, we will host monthly **virtual PTA meetings** for all families to join to learn about the exciting things happening at our school.

To keep an open line of communication with our families, we utilize a communication program called **ParentSquare**. Parent email addresses and phone numbers are automatically transferred from our student information system from registration, so there is no need to download anything. However, if you would like, there is an app available for download. We use this program to private message parents about student progress, send whole school information, emergency communications, our weekly newsletter, and much more!

We also utilize **Kickboard**. Your child's teacher will be sending home additional information at the start of the school year to connect to your classroom! This is a free messaging app that allows for ongoing communication.
