

SAFETY (SAVE) PLAN 2023-2024

Richmond Prep Charter School

1441 South Avenue, 5th Floor, Staten Island, NY 10314

SECTION I: GENERAL CONSIDERATIONS AND PLANNING GUIDELINES

- **Purpose**

The Integration Charter Schools (ICS) Safety (SAVE) Plan has been developed pursuant to Commissioner's Regulation 155.17.

The Plan was developed by the School Safety Team through a series of meetings and following Safety Plan guidelines distributed by NYSED. The Safety Team will review emergency response plans with security professionals and consult with other schools with high-quality SAVE plans to ensure feasibility and thoroughness.

Our goal in creating this plan is to ensure the maximum safety of all students and staff at our school through careful and well-thought-out planning. We will conduct tabletop and actual drills including plans to facilitate organized and effective use of these plans in the case of an actual emergency.

Parents, Students, Faculty, School Safety personnel, and other school personnel as follows:

Title	Name	Role
Teacher	Desiree Kleis	Assembly Point Coordinator

C. Concept of Operations

The initial response to all emergencies at Integration Charter Schools will be by the BRT. Upon activation of the Core School Safety Team, local emergency officials and the Board of Director will be notified as appropriate. Efforts may be supplemented by city and state resources through existing protocols as required.

The Core School Safety Team will also serve as the Emergency Response Team and Post Incident Response Team.

D. Access to Floor Plans

A set of floor plans and a diagram indicating School Evaluation sites and the routes students/staff will take to these sites will be provided to local emergency response agencies as part of the School Safety Planning process. Every member of the BRT will have a copy of floor plans and evacuation route maps, and a copy of each will be included in the official School Safety Binder and kept in the safety office.

E. Plan Review and Public Comment

Pursuant to Commissioner's Regulation, Section 155.17(e)(3), a summary of this Plan will be made available for public comment at least 30 days prior to its adoption. We will include representatives of all key School constituents and interested parties in the development and review of this plan, including a review at our first Parent Teacher Organization. To ensure student safety, the plan will be considered 'in effect' until such time as a full public review can be conducted and the Plan approved.

Certain sections of our Safety Plan with response action detail and private contact information will remain confidential and shall not be subject under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801 –a. Full copies of the Building-Level Emergency Response Plan will be supplied to Police within 30 days of adoption. This Plan will be reviewed periodically during the year and will be maintained by the Core School Safety Team. The Plan will be reviewed and approved each year by August 31st.

SECTION II: RISK REDUCTION/ INTERVENTION STRATEGIES

A. Prevention/Intervention Strategies

ICS believes strongly in the wisdom of implementing violence prevention and intervention protocols as a primary means of ensuring student/school safety. These protocols take the form of Prevention Programs, Building Personnel Training, Drills/Exercises, Student Training, Security Policies and Protocols, Coordination with Local Emergency Officials, and Maintenance of Educational Agency Contact Information.

Building Personnel Training

- In preparation for planning and executing drills, the Safety Team will review information/guidance on the NYSED and the New York State Center for School Safety websites as well as Safety Plans from other schools.
- When hiring school safety personnel, the School will ensure all personnel have the appropriate background, experience and training to fulfill their role, including training in how to de-escalate potentially violent situations.
- The School will review the details of its Safety Plan with all faculty and staff prior to school opening (including all plan logistics, roles, responsibilities, and back-up plans), ensuring all are clear on all roles and responsibilities as well as logistics. Staff will sign off on having reviewed and understood the School Safety Plan.
- The Safety Team will take CPR and AED training bi-annually.

Drills/ Exercises/ Student Training

- The Safety Team will conduct ‘table top’ exercises – playing through the execution of each of our multi-hazard plans using an actual school and neighborhood layout diagram.
- The School will review all emergency response plans with students within the first 2 weeks of school, to ensure all students understand expectations for their action/behavior and that of the entire school community.
- The School will conduct mandated actual safety drills that test components of the School Safety Plan.
- The tentative schedule for School Safety Drills is:

1. Richmond Preparatory Charter School

Date(s)	Drill Type
<ul style="list-style-type: none">● 9/14● 9/20● 9/28● 10/02● 10/17● 10/30● 11/02● 11/21● 03/12● 03/26● 04/16● 05/08● 06/13	Fire Drills

<ul style="list-style-type: none">● 9/14● 12/18● 1/4	Lock Down Drill

Shelter In Place

Purpose

Focuses on courses of action when students and staff are required to remain indoors, perhaps for an extended period of time, because it is safer inside the building or a room than outside. Depending on the threat or hazard, students and staff may be required to move to rooms that can be sealed (such as in the event of a chemical or biological hazard) or without windows, or to a weather shelter (such as in the event of a tornado).

<p>Shelter In Place (Dangerous situation outside the building)</p>	<ul style="list-style-type: none"> ● Principal/Designee announces over intercom “This is a shelter in” ● The BRT will take positions - confirms all entrances/exits are secure ● All activity continues as normal - nursing and special services will travel to rooms, if needed ● The Chief Emergency Officer contacts local police, etc. ● Once clear, the announcement “This shelter in has been lifted” is made
--	--

Hold in Place

Definition

Focuses on courses of action when students and staff are required to remain in place for an unexpected short duration incident, such as a fight, medical emergency, or facilities issue.

- Principal/Designee announces over intercom “This is a Hold in place”
- The BRT will take positions - confirms all entrances/exits are secure
- All activity inside classrooms continues as normal - nursing and special services will travel to rooms, if needed
- The Chief Emergency Officer contacts local police, etc.
- Once clear, an over intercom announcement “This hold-in place has been lifted” is made.

Evacuation

Purpose

Focuses on the courses of action that schools will execute to evacuate school buildings and grounds. Evacuation should take place if it is determined that it is safer outside than inside the building (fire, explosion, hazardous material spill) and staff, students and visitors can safely reach the evacuation location without danger.

<p>Evacuation</p>	<ul style="list-style-type: none"> ● Sound fire alarm ● Teacher grabs the emergency folder in the room. Teachers check all students out of the room and close the door. Students in hallways or bathrooms will walk out with the nearest staff member. They will be checked in at the BRT post brought to where their teacher has evacuated to. ● All safety responders take radios ● Receptionist brings emergency bag ● Students with physical disabilities who

--	--

Lockdown hard/soft

Purpose

Focuses on the courses of action schools will execute to secure school buildings during incidents that pose an immediate threat of violence in or around the school. The primary objective of a lockdown is to quickly ensure all school staff, students, and visitors are secured in rooms away from immediate danger.

- Over the intercom, the Principal/designee announces, “A lockdown is in effect.”
- Teachers will scan the hallway and pull staff or students into classrooms.
- Teachers lock classroom doors (and move students to the farthest corner away from the door), remind everyone to be silent and shut off the lights.
- The Director of Safety contacts local police. All staff and students must remain in lockdown - including Safety staff until lockdown is lifted.
- Local Police will arrive, secure the building and give guidance to the Director of Safety.
- Once clear, the announcement “the lockdown has been lifted” will be made.
- In a soft lockdown Administration and the safety team will not lock down.

Public Health, Medical and Mental Health

Purpose

Describes the courses of action that the school will implement to address emergency medical, e.g., first aid, public health, and mental health counseling issues. Schools should coordinate these efforts with the appropriate emergency medical services, public health, mental health, law enforcement, fire department, and emergency management representatives.

- The nurse will be onsite during all safety drills and emergencies.
- Medical supplies will be with the nurse.
- All Safety Officers are trained bi-annually in CPR.
- All schools have several mental health counselors on staff and will be present during post incidents
- Our nurse is from NYC Department of Health and Hygiene (DOH) and we will work with the DOH to report any health emergencies or situations.

Accounting for All Persons

Purpose

Focuses on developing courses of action to account for the whereabouts and well-being of students, staff, and visitors, and identifying those who may be missing.

- Attendance will be checked with our online system (PowerSchool).
- Any issues will be reported to the Assembly Point Supervisor immediately.
- Authorities will be called, if necessary.
- Students will be released when all persons are accounted for and the situation is deemed safe by authorities.

Family Reunification

Purpose

The Family Reunification details how students will be reunited with their families or guardians.

If dismissal cannot happen as normal, families will be notified where and when to pick up students. Once parents/guardians are checked off with emergency access cards, students will be signed out and released.

Safety (Security)

Purpose

Focuses on the courses of action that schools will implement on a routine, ongoing basis to secure the school from criminal threats originating from both inside and outside the school. This includes efforts done in conjunction with law enforcement personnel.

- All school entrances and exits are secured in lock mode at all times.
- Safety cameras are placed all around the buildings and at all entrances/exits.
- Safety officers are patrolling indoor and outdoor facilities consistently.
- Periodic meetings and correspondence with local police happen on an on-going basis.
- Student handbooks have protocols for search and seizure procedures.
- If there is ever a question regarding FERPA or HIPPA rights, our legal counsel will be contacted.

Implementation of School Safety Policies and Protocols

The Safety role at Integration Charter Schools are expected to be as follows:

- Safety:
 - At the start and end of the school day, there will be a Safety Officer at the front door and/or on the street.
 - During the school day, one Safety Officer will be at Corporate Commons 3 building
- Hall Monitors: Faculty and Administration will monitor hallways before and after school, and during class change times.

Other School Safety protocols include:

- Only the student entrance door of the school will be open at the start of the day and during dismissal. It will be monitored by staff during those times. All school visitors will be required to show identification upon entering the school building, and to wear a school visitor tag containing the visitor’s name and floor. As necessary, visitors will be escorted to the appropriate floor.
- ICS will have several Safety cameras located inside the building.
- There will be a Safety audit conducted within the first 2 months of the school year.
- The Principal, Safety Officers and Head of the BRT will be provided with walkie-talkies to use in the event of an emergency drill or actual occurrence to ensure a means of communication.

Coordination with Emergency Officials

- The Chief Emergency Officer will contact local emergency officials to review emergency procedures, to verify contact protocols and information, and to coordinate their involvement in School Safety drills.

Maintenance of Vital Education Agency Information

A. An updated School Staff contact list (with cell phone numbers) will be maintained by the Human Resources Department and placed within the School “Emergency/Safety Bag.” This bag will also contain: a list of all local emergency contact names and numbers (police, fire, hospital, local officials), emergency contact information for all school staff. Also in the bag will be a ‘Student Emergency Contact’ binder with Emergency Contact sheets for each student. Information on how to access the robocall system to alert all parents/guardians will be kept in the bag, as well. The bag will be located with the Operations Associates. The BRT will be aware of protocols for retrieving the bag.

B. Hazard Identification

Through a walk-through and in consultation with local police and School Safety staff, as a part of developing the School Safety plan, the BRT identified the following potential emergency sites and situations:
